

New St. Michael Church At Orland To Seat 900

A new church, seating 900, will dominate the St. Michael parish religious and educational complex on the western heights of Orland Park.

The parish now owns all of the land on the east side of Highland Av. to 143d St., and the new church is to stand at that corner. The growth of the parish has far outgrown the size of the church.

According to the architect, John L. Bartolomeo, of the architectural firm of Bartolomeo and Hansen, Chicago, the new church will

be a brick structure of contemporary design and will cost approximately \$500,000. The present church seats 200.

Parking space will be available back of the church, school and rectory.

The parish property extends from Highland Av. to West Av. with the exception of the southwest corner of 143d and West, which is occupied by a drug store.

At the meeting of the Orland Park village council Monday night Bartolomeo and A. J. Knez, chairman of the church board, ap-

peared in support of a request for the vacation of Irving Av., which has never been in use, and certain alleys that are not in use and would not serve any property but church property.

There must be at least five trustees present if a vacation proposal is to be voted upon, it was explained, and since only four trustees were at Monday's meeting, besides the mayor, the vacation question was passed over until another meeting.

The parish also is asking for zoning changes. It owns

a tract along West Av. 482 feet in length. It would sell this piece, with the back or west line being 200 feet west of West Av.

This tract would go to a developer who would agree to build apartments there, it was explained.

"Where the church and school stand," Bartolomeo told the village board, "is about 120 feet above West Av. If single residence homes are built there along West, even if they were two story homes, they would look dwarfed, out of place. What is needed

ment buildings that would have a height of 35 or 40 feet. We propose 50-unit buildings."

Village Attorney Raymond Pieper told him, in response to a question that the Orland Park ordinance covering apartment buildings limited them to eight units.

"Eight," repeated Bartolomeo, an incredulous look crossing his face. "You mean that?"

Pieper assured him he had heard right but added that apartment buildings were and

Park and the board realized that the ordinance governing size and height of multiple dwellings would have to be changed.

The matter of the proposed changes in the code governing apartments was referred to the planning commission. Bartolomeo indicated he would ask the planning commission for a special meeting as those in charge are eager to get started on the church building. Bartolomeo said he had hoped to get work started in December, weather permitting.

Typewriter Burglars Back For More At Sandburg High

Burglars, apparently the crew that broke in Oct. 20 and carted off electronic equipment from business department classrooms and laboratories valued at \$12,000, returned to Carl Sandburg High School last week end and made off with at least a dozen electric typewriters that had been loaned to the school by IBM until the previously stolen machines could be replaced.

Further evidence that it was the same group of burglars lies in the fact that entry was thru the same window that was used in the Oct. 20 entry, investigators said. Also, the pickup truck or stationwagon used to haul the loot parked in the neighboring church lot until the loot was assembled, when it was driven directly across

the yard to the window and then back to the parking lot, using the same tracks.

In the break-in last month the burglars started to dig away the putty around the window pane but it was hard. Some of it was dug away, however, and whether it was that work or that the burglars became impatient the glass was finally broken. There were two panes in the window and with one broken the intruders reached thru and unlocked and raised the window. The raised window gave them room to pass the equipment thru.

Last weekend the burglars had it easier. The putty used to fasten in the new glass was still soft enough to be quickly removed. Then the glass was lifted out and the

window unlocked and raised.

The thieves then passed out the loaners, passing up the newly arrived equipment. When they departed they put the glass back in the frame and while they did not re-putty the outside there was enough putty on the inside to hold the glass in place.

With no windows open there was nothing to attract attention of outside patrols so the theft went unnoticed until school re-opened Monday.

Orland Park police were called and they in turn have asked for aid from Cook County police.

A representative of the school indicated this week that immediate steps would be taken to discourage further break-ins.

It was estimated that the machines stolen last weekend had a value of around \$3,000. That added to the \$12,000 loss in the October burglary and the \$3,500 in cash taken from the safe in the business office in November, 1966, has brought the cost of crime over the \$18,000 mark as far as Sandburg High School is concerned. Shortly after the hold-up of last year in which a group of armed bandits invaded the school and tied up a night watchman, there was a break-in at Dist. 230's other high school, Stagg.

Schools Get Some Money Back For Special Classes

A portion of the money spent by Will County school districts last year on special education programs has been returned to them by County Supt. Boyd Bucher following receipt of a total of \$413,984.49 from state funds.

The districts received 80 per cent of the amount they expended.

Special education programs include classes for those with defective vision, defective hearing, retarded or otherwise handicapped youngsters. Transportation of children to these special classes is also an expense

for which a district is reimbursed up to 80 per cent of the cost.

The Mokena District 159, gets back \$2,780.80. This sum represents the amount the district paid for transporting handicapped pupils to classes, some of them in Joliet, it was explained by Mokena Supt. James Ennis.

Frankfort District 157-C received \$4,505.30, as it was supplying facilities for some of these classes last year and as that will be the center for the Lincoln-Way area special education program next year all of the money will go there and any in-

dividual districts having money coming in will get it from there, it was explained.

Last year New Lenox was the center and received \$12,488.28, applied for the most part on salaries of special teachers.

Arbury Hills District 161 gets \$1,352.43 which represents 80 per cent of its expenditures for transportation of handicapped, and Manhattan District 114 received \$544.

Lincoln-Way High School District 210 gets \$3,500, which represents payment toward a salary.

Peotone Unit District 207 receives \$5,100.61; Crete-Monee Unit District 201 gets \$22,064. Lockport High District 205 which also serves as a big center receives \$62,073.

The big amount, of course, goes to Joliet Grade School District 86, \$198,768.60, as many of the special programs are centered there. As a matter of fact the Joliet Grade District has served as the pilot for many of the educational programs that are now in wide use.

Here's Chance To Get A Turkey Free

Twenty area merchants are participating in the annual turkey giveaway in preparation for Thanksgiving.

This is really a giveaway, it was pointed out, because no one has to buy anything to have a chance at the turkeys. And by the same token, --because there isn't anything to buy, be it turkey merchandise, and there is no necessity to be present at the drawing--it is not a lottery.

The only thing one has to do is write his or her name on one of the coupons appearing on the turkey page in this issue and deposit it in a container in the merchant's place of business. In fact there is nothing to prevent anyone from depositing a coupon in each and every store involved.

Merchants with turkeys to give away are:

NEW LENOX: Lincoln-Way Bakery, Braun's Sales, Abe Frank's Liquors, Lincoln-Way Savings and Loan, Country Kitchen, First Lady Beauty Salon, Economy Super Marts, Lincoln-Way Pharmacy and New Lenox Standard Service.

MOKENA: Curling Iron Salon, Mokena Pharmacy, Mokena Sales, Mokena Standard Service, New Lenox

Lumber Co., and Welsch Lumber Co.

ORLAND PARK: INR Beatty Lumber Co., Norman's Cleaners, Orland State Bank.

FRANKFORT: Frankfort State Bank and Thack's Texaco Service Station.

A united service has been arranged by the Methodist and St. Peter's churches for

9:30 o'clock the morning of Thanksgiving which is next Thursday.

The Rev. LaVern Smith, pastor of St. Peter's, will

preach the sermon. The Rev. Charles Kepler is pastor of the Methodist church. Special music has been arranged and the public is invited. Good Shepherd Lutheran Church also will have a service on Thanksgiving morning -- at 9 o'clock.

Frankfort churches will hold their regular services, morning and evening, this Sunday and the next.

The WSCS of the Methodist Church will meet in Fellowship Hall at the church at 8 p.m. Tuesday, Nov. 21. Mrs. Dorothy Woodman will have charge of the business session and Mrs. Albert Swatek the program, which will have a Japanese background. "Japanese Youth, A Study of Change" is the topic. A color film, "Japan -- Land of Kami" will be shown in connection with the lesson. In charge of refreshments will be Mesdames James Dixon, Dwight Nicholson, Joseph Karkos and Marvin Palmer.

The annual WSCS Christmas potluck dinner is scheduled for Dec. 7 at 6:30 -- at the church.

Nov. 30 is a big date on the calendar of the Women's Fellowship of St. Peter's Church. That is when its November meeting will be held but it also is the time for the group's supper and bazaar, which is open to the public.

The meeting is slated for 1 p.m. Serving for the supper will begin at 5 and continue until 7 p.m.

Because the regular meeting date of the Frankfort Chamber of Commerce falls on Thanksgiving it will be put over to the following Wednesday, Nov. 29. The Chamber regularly meets on the fourth Thursday of each month.

Mr. and Mrs. Harold Ha-

gen, who flew here from their home at Hood River, Ore., have been visiting Mr. and Mrs. Wendell Morrison. This week they are house guests of Mr. and Mrs. Elmer Morrison, Green Garden.

Mrs. Herbert Folkers Sr. attended the DesPlaines Valley Chapter D.A.R. luncheon last Saturday at Manor Inn, Joliet. Mrs. John Devanny, DAR membership commission chairman, was the speaker.

Mrs. Carol Schultz will be hostess Nov. 21 to the Frankfort - Mokena Homemakers

Extension Unit. Dessert-coffee is scheduled for 12 noon. Mrs. George E. Sangmeister will be in charge of the business meeting.

Mr. and Mrs. Bert Balat and son, James, are now living in Mokena, in the Village Green Apts. Wolf Rd.

A pinochle party -- a public affair -- for the benefit of Frankfort Community Park, is to be held at the home of Dr. and Mrs. Irving Rudman Saturday night, Nov. 18. The affair is sponsored by the SPC and those interested in playing are asked to get in touch with Mrs. Raymond Page or some member

of the SPC. Donations of \$2 a person will be collected for use on some park project. There will be prizes awarded for high scores in pinochle. Refreshments will be served.

Citizens interested in the park are invited to attend the next SPC meeting which is slated for Dec. 7 in the village hall. It is possible that a permanent chairman of SPC will be chosen then. Village Trustee Gerald Francis is serving as temporary chairman. He took over when Mrs. Rudman, who has given seven years of her time and efforts to the park program, tendered her resignation.

Interior Design Corner ...

WHAT IS GOOD DESIGN?

This question could easily be considered "loaded", simply because what one person admires another may find outright displeasing.

We are not assessing here the ageless time-proven styles such as French or Italian Provincial etc., but rather the current contemporary design.

NOEL E. SMITH

Our experience with many of these current designs has demonstrated the tendency of some manufacturers to over-design. They attempt to put too much design into a single piece, resulting often in a sort of monster with a short acceptable life span. This item is one you will tire of quickly, because of its peculiarities, it is soon "dated".

Simple, uncluttered lines without over-emphasis on any specific part of the piece will constitute a more enduring design.

In furnishing a room, as in selecting clothing, the accessories generate the mood or impression you wish to create. Over-designed furniture in itself appears cluttered; adding the needed accessories only compounds the confusion. Good design is not accomplished by cramming every possible tuft and "frill" into a piece of furniture!

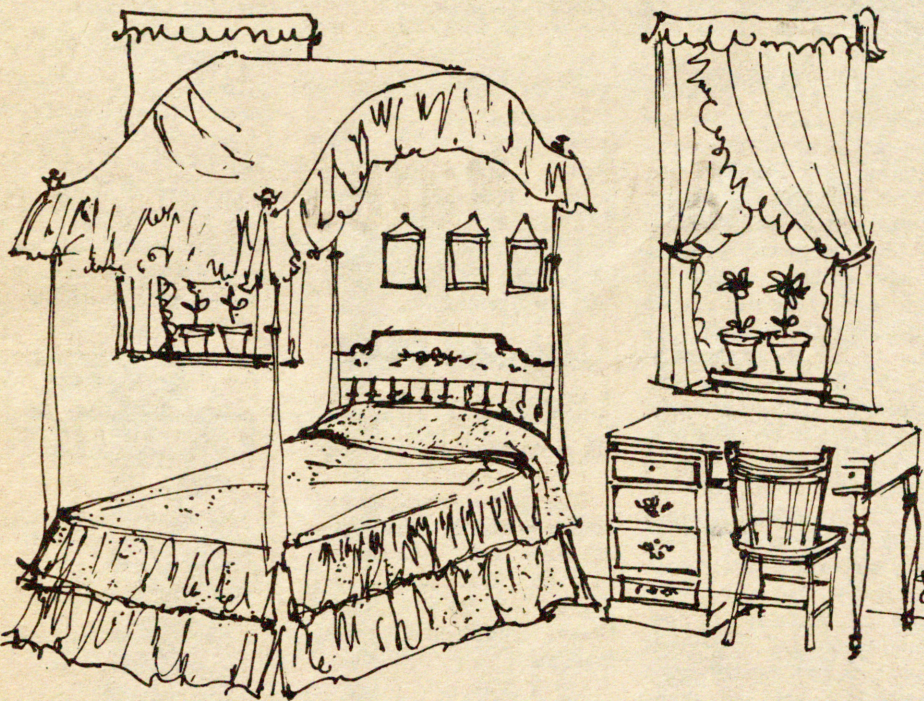

Our interior planning service will assist you in selecting distinctive designs while guiding all phases of your next interior decorating work. Remember it costs no more to do it right!

There is no charge for our planning service; you pay only for the merchandise selected.

The clothing may be brought to All Saints Lutheran or Christ Lutheran Churches on either of the next two Sundays, Nov. 19 and Nov. 26.

VIVIAN JANE BELL -- Mr. and Mrs. Howard J. Bell, 95th Av., Frankfort, announce the engagement and forthcoming marriage of their daughter, Vivian Jane, to Francis E. Hesser, son of Mr. and Mrs. George Hesser, Rt. 1, Frankfort.

Miss Bell is a 1967 graduate of Lincoln-Way High School, where the bridegroom-to-be was also a student.

The wedding is to take place at 4 p.m., Dec. 2, in the Good Shepherd Lutheran Church at Frankfort, with the reception following immediately after the ceremony.

Jr. High Structure Given Plus Rating

Canvassing of the votes of the special election held on Nov. 4, and progress reports and change orders for the junior high building were the main items of business at the Nov. 8 meeting of the Orland Board of Education.

Following the canvass of the election results, a motion was made to thank the individuals and groups who helped in the successful passage of the referendum.

Reported to the board was the fact that since the last meeting, inspections of the junior high school have been held by the school architect, Spencer Cone, five engineering consultants, the director of the Illinois Building Commission and his assistants, members of the school board and administration. Minor changes required in some areas of the building will be made at the general contractor's expense.

Specifications for a high voltage power line to provide electric heat was also a topic of discussion. Commonwealth Edison representatives who recommended and designed the installation, as well as the architect's engineering consultants indicated that letters to the Board would follow pointing out that this is a usual type of installation meeting the National Electrical Code Standards. John Moore, director of the Illinois Building Commission, stated that the line is installed and owned by Commonwealth Edison, and the only advantage in having the district provide an asbestos and cement conduit for the cable would be to benefit the Commonwealth Edison Co. should they have to repair or replace the cable.

In reference to the structural work, a letter would be forwarded to the board of education by engineering consultants indicating that all structural work has been approved and that a safety

factor beyond standard requirements is provided in all structural components of the building.

The areas of great concern at this time to the board are the completion date of the building and necessary site work which must be done before the onset of winter. It was decided that sidewalks and landscaping should be delayed until spring, but the grading, roadbeds, and macadam walks must be in at the time of occupancy. The director of the Illinois Building Commission stated that because the site work needs to be an integral part of the building and an architectural responsibility, the commission would underwrite and contract for the necessary site work at this time. A race against the weather is now taking place in order to set up the necessary contracts, obtain bids, and let the work.

L-W Team Second In FFA Grain Judging

Five members of the Lincoln-Way High School Future Farmers of America Chapter, placed second in the annual grain judging contest in Section 8 for teams. The contest was held at Joliet Central High School.

The teams were asked to judge corn, soybeans, oats, hay and silage. They also had to identify weed plants and crop seeds.

The Lincoln-Way team, comprised of Jack Chestnut, Dennis Schoeling, Dale Morrison, Marilyn Hicks and Chris Schaefer, compiled 1,759 points.

For top individuals Schoeling placed third; Morrison, fourth; Chestnut, sixth and Schaefer, ninth.

Orland Grade Teachers Are Attending Classes

The board of education of school district 135 has temporarily approved the early dismissal of the students one day per month in order that the teaching staff may conduct grade level meetings.

The practice began Nov. 7 and on the second Tuesday of the remaining months of the school year, the children will be excused at 1:30 at the Orland Center School and at 2 o'clock in the Orland Park building. By excusing classes at these times the students have completed five hours of instruction which is necessary in order to qualify for state aid for the attendance on these days. These dismissal times allow the teachers to spend two to three hours in the various grade level meetings, explained Robert Blain, principal at Orland Park School.

The purpose of the early dismissals and subsequent grade level meetings for the teachers is to improve the instructional program in the

Orland Schools, it was explained.

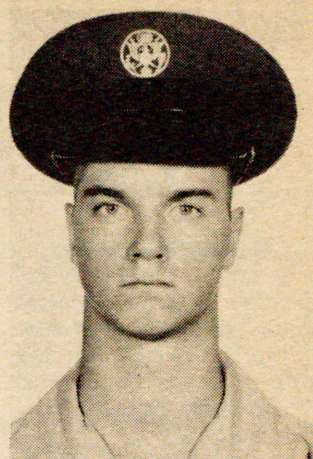

"It is generally felt that the educational program in District 135 is one to be proud of", spokesman said, "however, the teachers and administration feel that there is always room for improvement. These meetings provide the teachers with time to discuss their teaching difficulties and collectively pool their teaching experiences and knowledge and come to conclusions as to how each staff member may overcome these problem areas of instruction."

Some of the areas which the teacher groups have begun to concentrate on include: the pros and cons of grouping the kindergarten students with regard to age, since there is a considerable difference in the maturity level of kindergarten students. No decision has been reached on this topic at this time.

Other areas which have come under discussion and concentration by the teach-

er groups include the use of the initial teaching alphabet as a means of teaching first grade students to read. The first grade teachers are also working on attempts to pool their efforts in the making of worksheets for their students. By exchanging their ideas and materials, there will be less duplication of effort and time on the part of the teachers and more time for their students. All of the groups are going to be considering ways in which the math program can be improved.

The fifth grade instructors have also selected the improvement of the social studies curriculum guide as one of the major areas of consideration during the coming meetings. In general it is felt that by combining the talents and efforts of the fifty seven members of the teaching staff a great deal can be done to improve the instruction which is given to the students attending the Orland Park Elementary Schools.

New Long Distance Rates

New interstate long distance rates became effective this month, enabling Illinois telephone users to save about \$7 million annually, according to local Illinois Bell manager A. J. (Bud) Schager.

One of the features of the reduction plan is an after-midnight 65 cent maximum rate call (three minutes) from most Illinois communities to any U.S. mainland point, Schager said.

The savings, he explained, result from the nation-wide rate reduction plan submitted to the Federal Communications Commission by the AT&T Company late in September. Over-all, it provides for a net \$100 million rate reduction. There are some increases in charges for interstate calls of 24 miles or less.

The new plan increases bargain rate hours so that lower charges are in effect during 70 per cent of the week and introduces a new midnight-to-7 a.m. service. It provides for reductions for

many "long-haul" calls of more than 468 miles, overseas calls and measured Wide Area Telephone Service (WATS). Night rates now apply for five holidays rather than three -- July 4, Labor Day, Thanksgiving, Christmas and New Year's Day.

Here is a summary of the changes in calling hours during which bargain rates are in effect:

Saturday is added to Sunday as a 24-hour period when the lower night rates apply. Maximum cost of a three-minute station - to - station call anywhere in the United States, except Hawaii and Alaska, from most Illinois communities is 90 cents any time during the weekend.

Evening rates for station-to-station calls are in effect from 5 p.m. to 7 p.m., Monday thru Friday, rather than from 6 p.m. to 8 p.m.

New night rate periods for station-to-station calls are extended -- from 7 p.m. to 7 a.m., Monday thru Friday, rather than from 8 p.m. to

4:30 a.m. For weekday person - to - person calls, the night rate period becomes 5 p.m. to 7 a.m. rather than 6 p.m. to 4:30 a.m.

With the new midnight-to-7 a.m. service, 65 cents is the maximum rate for a three - minute, customer - dialed station - to - station call to anywhere in the United States, excepting Alaska and Hawaii. Rates for a three-minute, customer - dialed station call from this area to San Francisco dropped from 90 cents to 65 cents. Rates for the same type call to New York dropped from 70 cents to 60 cents, and to Atlanta, Ga., from 65 cents to 60 cents.

These late night rates are as much as 25 per cent below lowest present rates, but do not apply to credit card, collect, "third-number" or coin box calls. The requirement for customer dialing are waived for calls involving exchanges without direct dialing service and for customers physically unable to dial.

Hold Up Permit For Gas Station

Building permits were issued in Orland Park to Hillcrest Builders for four bi-level homes at 9105 144th Place, 14435, 14440 and 14420 Mason Lane; a permit was granted George Vlahakis for a room addition at 10207 Hibiscus and to Raymond J. Eby for a garage at 8617 145th St.

A permit requested by Pure Oil for an oil station at the southeast corner of 143d and LaGrange Rd., was held up pending a decision of who is going to pay what for extending sewer and water east along 143d. The village is prepared to pay some of the cost. Pure Oil purchased the property from Ray Di Cicco who owns a piece of land to the east of the corner. Property owners on the other side of the street would also benefit, it was said, and would be asked to share in the cost.

Homer School District Seeking More Revenue

VIRGINIA SASS
Telephone 485-6424

A referendum on a proposed 21-cent increase in the educational fund tax rate in Homer Grade School District 33-C is to be held Dec. 2. The school will serve as the polling place and the polls will be open from 12 noon to 7 p.m.

Present rate, which was adopted in 1961, is 90 cents per \$100 equalized assessed valuation. If the increase is voted the rate will be \$1.11.

A public meeting at which the proposal will be explained in detail and questions welcomed from the audience is to be held in the Homer Town Hall at 8 p.m., Nov. 28.

Supt. Luther Schilling will speak briefly on the needs for an increase in the tax rate at the School Club meeting scheduled for 8 p.m. tonight (Nov. 16) in the Town Hall.

According to a spokesman for the school board teachers salaries have risen 45.1 per cent per teacher; the enrollment and the staff have doubled; cost of supplies and maintenance have risen, it was explained and greater demands are made on schools thru state legislation. An example of this, it was pointed out, is the act that makes kindergarten compulsory by 1970.

Homer School is operating on an extremely tight budget, a spokesman explained, thus the reduction of the amount spent on education per pupil. Homer now ranks 26th in Will County in expenditures per pupil, which is near the bottom of the list, he declared.

Unless the voters approve the sought for increase the district will have to embark on deficit spending, it was

said, which would be quite costly.

The guest speaker at the School Club meeting night will be Dr. Cecil W. Ingmire, of Joliet, who will discuss and display his films on "European Methods of Farming." Dr. Ingmire, a veterinarian, is a member of the recently formed junior college board.

Jill Ruiter, age 6, of Marley, placed first in the Intermediate Group in the contest of the United States Twirling Association at the Tinley Park High School on Nov. 4. Contestants were from the surrounding states. The award was Jill's fourth for first place in twirling contests.

Jill is a student at Lucella's School of Twirling in Evergreen Park. She is a member of the Silhouettes, a group from the school who made their debut this year participating in parades.

Jill has performed locally in parades and programs. She is the daughter of Mr. and Mrs. Jack Ruiter, Regan Rd.

The Twelve Trumps met on Nov. 7 at the home of Mrs. Loren Sass. Prizes were awarded to Mrs. John Riley, Mrs. William Dudliceck, Mrs. Herman Benck and Mrs. Clarence Troutman. The next meeting will be the annual Christmas party at the home of Mrs. Charles Greetis on December 5.

The Marley Woman's Club met at the Silver Cross Nurses Home on Nov. 9 for an all day session of sewing for the hospital. A bakery sale was held to benefit the Service Men's Fund. Christmas gifts will be sent to local boys in service. Plans were finalized for the next meeting which will be the annual Christmas dinner party at Jardine's in Tinley Park on Dec. 14.

Lipman Reports

Assistant Treasurer Walter F. Schuetz reported to Will County Treasurer Clarence Lipman (R) that monies on deposit with his office collected \$3,650.88 in interest during the month of September.

Schuetz, who is in charge of the accounting department in the Treasurer's office, said that under state law, Lipman has the power to invest all monies not immediately needed to underwrite the expense of county government services.

Since Dec. 5, 1966, the beginning of the current administrative year \$17,103.33 interest has been received on Current Funds; interest on

protested taxes amounted to \$33,451.95; while interest from Special Account #1 totalled \$11,698.16.

These interest monies, when added to gross earnings of \$133,343.54, brings the treasurer's office total gross earnings of \$195,596.98 for the period Dec. 5, 1966 thru Aug. 31, 1967.

Lipman's investment program makes a taxpayer's dollar go farther, since such a program permits county government to give additional services while reducing taxes, it was pointed out.

The treasurer's office is located in the court house, Joliet, and is open Monday thru Friday from 9 a.m. to 5 p.m.

57,000 Will County Residents Receive Their Yule Seals

The traditional delivery of Christmas Seals took place is a fact, Postmen here carried some 55,700 letters to county residents from the Will County Tuberculosis Association.

The letters signed by Eugene M. Malone, chairman of the 1967 Christmas Seal Campaign, constitute the only appeal made for funds to support the Association's fight against tuberculosis.

Mr. Malone pointed out that "The tuberculosis as-

sociation is dedicated to securing a healthy future for Will County residents. With the support of every citizen, we may someday achieve the eradication of this disease which threatens so many homes," he said.

The 1967 seal marks the 60th Annual Christmas Seal Program in the nation. "Although many victories have been won against TB in the past 60 years," Malone said, "they are at best partial victories.

"The greatest obstacle to

continued TB progress is an uninformed community. Therefore the major task of the Tuberculosis Association is the continued expan-

sion of its educational program. This along with medical research to learn new ways to cure and conquer tuberculosis and the promo-

tion of yearly physical examinations which includes tests for TB will help make this a healthier and safer community in which to live."

"We must remember," concluded Malone "that no home in Will County will be safe from TB until all homes are safe."

Open Letter from the HIRSCHS'

Dear friends,

The surviving family should promptly notify the local agents of the insurance companies in which the deceased was insured. They will then provide the necessary claim forms.

All insurance policies should be examined, as even a policy which has expired may have some residual value. Thought should also be given to a change in beneficiaries of the continuing insurance of survivors.

Respectfully,

Carl Hirsch

Parent-Teacher Group Ask Donation For Bazaar

MRS. EDWARD HOVI
Telephone: 479-5740

The November meeting of the Summit Hill Parent-Teacher Group was held as

the annual open house at the Arbury Hills School last Thursday evening. It gave the parents an opportunity to visit the classrooms and speak briefly to their chil-

dren's teachers.

As an added point of interest, the school held a book fair with some fifteen hundred books on display for purchasing. The books covered all ages and all interests from the very young to the very old.

The December meeting of the Parent-Teacher Group will have a Bazaar of hand made goods for sale in time for Christmas giving. The meeting is scheduled for Thursday, Dec. 14, beginning at 8:00 p.m.

If you have goods to donate to the bazaar, or would be interested in working for the bazaar, please contact: Mrs. Mary Farnham at 479-9354, Mrs. Barbara Hamilton at 479-9181 or Mrs. Jean Dornseif at 479-5670.

The Junior Girl Scout Troop Number 103 held its

re-dedication and investiture ceremony on November 9 at the Arbury Hills School.

Mrs. Thompson, the leader, welcomed into the troop Mrs. Barbara Zmolek and Mrs. Sylvia Way as her two co-leaders.

Tammy Conkling and Susan Zmolek were invested into the troop as Junior Girl Scouts, and, because of the number of latecomers, another investiture of an additional nine new girls will be held later with the date to be announced.

Don't forget that the mothers of the girls of the Brownie Girl Scout Troop Number 334 will be coming around to the homes this Saturday, November 18, asking for the donation of deposit bottles from the residents of the area.

The funds raised in this manner will be used to supplement the treasury funds of the troop, since the Brownies are not allowed to

personally participate in fund raising activities. The only source of revenue for the troop is through the

weekly dues of ten cents per girl. This does not allow for many outside activities and much crafts materials.

Outdoor Thanks Service Again At Campgrounds

DOLORES ANDERSON
Telephone: 485-2365

Outdoor Thanksgiving Day services are again planned for New Lenox this year. The service will be held at 10 a.m. on what was formerly known thruout the region as the Methodist Camp meeting Grounds, at the west end of the village on U.S. 30.

The services were held last year for the first time and were so well received that it was decided to repeat it this year. It may be that eventually it will become a tradition.

Length of the service will be adjusted to the weather. The reading of psalms and the singing of Thanksgiving hymns in the wooded setting

goes back toward the beginning of this family day of feasting and returning thanks for the year's blessings.

The service is open to everyone in the area and those in charge hope many will take advantage of the opportunity to attend.

Richard Koller has started a Webelos Den for Cub Scout Pack 6, and he is the Den leader of the group of 9 boys. Den Chief for the group is Mike Ryan. The boys meet at the Methodist church on Wednesday nights. They are presently working on a scientist badge for the month of November. Members of the new group are: Gerald Emperor, Randy Hodges,

Fred McLaren, David Barker, Ken Nordwall, Tim Ryan, Danny Ingram, Bob Steen, and Steve Fellars.

Mayor Joseph Hartung gave a talk to the members of the New Lenox Auxiliary Police, at their meeting last Sunday night, and during the business meeting, the group planned to send members to Frankfort Saturday night to take over the duties of the Frankfort police. Nov. 11 is the date of the Frankfort policemen's dance.

Cub Scout Pack 6 will meet Friday night November 17th with Cub Master Gerald Roesel, at the Methodist church at 7:30 p.m. The date was set ahead a week, due to the Thanksgiving Holiday. In keeping with the Indian theme this month, the boys will dress in Indian costume and Den 2 will give an Indian Skit. Awards will be given out by Awards chairman, Hugh Marshall.

The New Lenox Unit of Homemakers Extension will meet Friday, Nov. 17 at the home of Mrs. Ray Reiter, 719 No. Cedar road. Co-hostesses will be Mrs. Edward Berens, and Mrs. Harold Cutler. The program will be given by Mrs. Arthur Rowswell, and Mrs. Anthony Markwenas, on "Christmas Features." The meeting was set up a week earlier, due to the Thanksgiving holiday.

The New Lenox Bluebirds 4-H club will meet Saturday, Nov. 18 at St. Jude's School hall, at 1 p.m.

The New Lenox Township Board will meet tonight, Nov. 16 in the Village hall at 8 p.m.

The Harry E. Anderson VFW Post 9545 and the Auxiliary to the Post will hold a Social meeting at the Post home, 323 Old Hickory road, tonight Nov. 16 at 8 p.m.

Bishop Charles Street, from Chicago, will officiate Sunday, Nov. 19 at confirmation services in Grace Episcopal Church. Both the 9 and 11 o'clock services will be combined into one service for this occasion, at 10 a.m. Following the service there will be a breakfast in the church basement honoring the confirmands. All parishioners are invited to attend.

The Couples Club of the Methodist church will meet at the church for a pot luck dinner this Saturday night at 6:30 o'clock.

The Deborah Circle of the Methodist church will meet Tuesday, Nov. 21 at 7:30 p.m.

Newly elected officers of the Intermediate Youth Fellowship of the Methodist church are as follows: Marsha Kerr, president; president, Patti Jones vice president; Sue Reilly, secretary, and Sheila Webb, treasurer. The group meets on the first and third Sunday of the month at 6 p.m.

Robert Watkins, owner and operator (with his wife Eudora) of the Watkins Brainerd Flower Shop, 8945 S. Loomis, Chicago, will appear before the New Lenox Garden Club to deal with ideas for decorations for the Christmas holidays.

The affair is scheduled for 7:30 p.m. Nov. 30, at Lincoln - Way High School. The

public is invited and tickets maybe purchased at the door for \$1.50. At the close of the program the arrangements Watkins makes will be presented to members of the audience.

Watkins has given demonstrations for the Flower and Garden Show, various hospitals, churches and other organizations. He has also conducted a school in flower

arranging. The Watkins have two sons, college seniors, and a daughter who is in her third year of medical school, who all turn to at holiday times, to give the family business a hand. The Watkins have traveled in Europe, to the Orient, and Mexico to get materials and ideas. They are the makers of the small "Happiness Christmas Tree."

H. Mingers Honored At Celebration

Mr. and Mrs. Herbert Minger, 236 S. Oak St., Frankfort, celebrated their 45th wedding anniversary on Sunday, Nov. 12, at the home of a daughter, Mrs. Dale Krohn, New Leox.

Select Teacher Of The Year

David E. Graf, industrial arts teacher at Sandwich High School, has been selected Illinois Teacher of the Year, it was announced today by Ray Page, state superintendent of public instruction.

The 50-year-old DeKalb County teacher and war hero is also eligible for the National Teacher of the Year award presented annually by Look Magazine.

Graf, a teacher for 29 years - the last twenty-two at Sandwich High School - began his teaching career in Greenville, Miss., following graduation from the University of Illinois in 1939. He also attended the University of San Francisco for a year of study. He received his high school diploma at the same school in which he now teaches--Sandwich High School.

Graf conducts a special program at the school which provides special training to meet the needs of students who plan to work in business or industry following their graduation from high school --giving these students on-the-job training and bridging the gap between the academic world and the world at work.

Graf has a constant re-

minder for his students printed on his blackboard which states: "He who has a trade has an estate!" Another reminder he believes important is that "Skill equals Accuracy plus Speed."

Graf was cited for bravery in action during World War II. He received the Silver Star, the Bronze Star and two Oak Leaf Clusters, the Purple Heart and the Croix de Guerre. He served as a captain in Field Artillery and was wounded in combat in 1944. He was released from active duty in 1945. He has continued his army reserve training and holds the rank of full colonel.

Following his release from active duty he worked as a recreation consultant at Sheridan School for Boys. In 1946 he joined the staff at Sandwich where in addition to teaching industrial arts he served as assistant football and basketball coach.

International Stock Show Opens Tomorrow

The 68th annual International Live Stock Exposition, largest of the country's stock shows, will be held Nov. 17 to 26 in the International Amphitheatre at the Chicago Stock Yards.

Many hundreds of the continent's finest purebred farm animals - from over 40 states and Canada - will be on display and in competition for the highest show honors of the year that come to winners at this event.

A panel of 49 judges from

20 states and Canada will officiate in the judging of the 37 breeds of cattle, horses, sheep, and swine that will be exhibited.

The Chicago show is the climax of the agricultural show year that begins annually in the summer at state and county fairs and continues thru the fall months leading up to the International Stock Show, the year's final and largest event. It is known among stockmen as the Supreme

Court of livestock shows.

Officials of the exposition predict record turnouts in many breeds this year based on the heavy volume of early entries that have been received. A total of more than 7,000 animals is anticipated.

Several hundred farm youths will be among exhibitors. Members of 4-H and Future Farmers of America Clubs, they will be exhibiting cattle, sheep, and hogs they have raised as club projects. Most of them have been top winners at earlier state and county fairs.

Over 100 cowboy riders

and new young contenders will be competing for championship points in the International championship rodeos. Saddle and bareback bronc riding, steer wrestling, calf roping, and Brahma bull riding will be featured at 16 Rodeo performances during the 10-day run of the exposition.

New schedules are announced this year for the International Horse Shows. The first five days, Nov. 17 to 21, will feature a western Quarter Horse show and hunters and jumpers combined with the rodeo; and the last five days, Nov. 22 to 26, three and five-gaited saddle horses and harness horses from the country's leading stables will be shown in combination with the rodeo.

Pick Conference Football Teams

As could be expected since the Sandburg High School varsity football team won the Southwest Suburban Conference championship this fall its squad was the major contributor to the all-conference teams picked last week.

Sandburg has five players on the offensive unit, Bremen four, and Oak Lawn and Rich East one each.

On the defensive unit Sandburg and Reavis each have three players; Homewood-Flossmoor has two, and Bremen, Oak Lawn, Rich East and Evergreen Park

one each.

Here are the names:

"Voices From Home" Program Underway

Yesterday, Nov. 15 was the starting date for making Voices from Home recorded Christmas greetings to send to servicemen in Vietnam.

Will County Regional Red Cross said that early appointments for making the records will insure delivery in time for the holidays.

The records hold three minutes or more of greeting. Some families sing or play musical instruments while others prefer to have everyone -- mother, father, sisters and brothers -- talk informally, telling all the news of home.

Appointments for recording sessions may be made for any week day be-

tween now and Dec. 15 by calling Red Cross at 815-723-3494.

It's a good idea to make the date now, then outline and rehearse the greeting before going to the Red Cross office, 222 N. Broadway, Joliet, at the appointed time, it was pointed out. The record will be ready for mailing as soon as the recording session is finished.

Voluntary gifts to Red Cross thru United Crusade support this and other programs of Will County Regional Red Cross.

Advanced First Aid Courses Now Open

Red Cross will offer four courses in advanced first aid and one instructor course, all scheduled to begin this week.

The courses follow a series of classes in standard first aid, conducted throughout the county during October. Persons who hold currently valid standard first aid certificates are eligible to take the advanced course. Those who hold current advanced first aid certificates may take the instructor course and qualify to teach Red Cross first aid.

Leo Gable of Joliet, chairman of first aid for Will County Regional Red Cross, said that first aid training is important these days when people live away from large population centers and at a distance from hospitals.

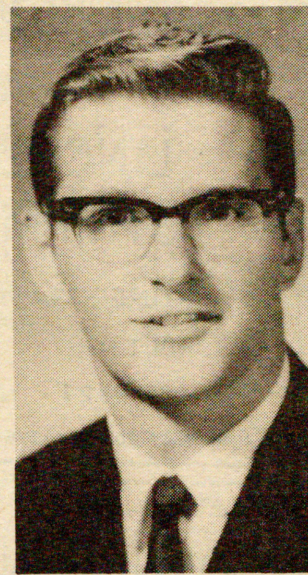

Anyone who has responsibility for the care of children profits from the training, Gable added. So do people who customarily spend considerable time out of doors, either at jobs or in recreation.

Advanced first aid will be offered at four locations, Wilmington fire station, the county sheriff's office substation at Crete, Oakview School, New Lenox, and Will County regional headquarters, 222 N. Broadway, Joliet. The instructor course will be held in the regional office at Joliet.

Starting dates and other details for the advanced first aid classes are: Wilmington -- Monday, November 13, 7 to 10 p.m., Mr. and Mrs. Sylvester Novak, instructors; Crete -- Tuesday, November 14, 7:30 to 9:30 p.m., Daniel J. Dobbert, instructor; Oakview School --

Wednesday, November 15, 7 to 10 p.m., Mr. and Mrs. Stanley Ekedahl, instructors; regional headquarters -- Thursday, November 16, 7 to 10 p.m., Mr. and Mrs. John Gudgeon, instructors.

The instructor course will begin Monday, November 13, at regional headquarters in Joliet, meeting from 7 to 10 p.m. with Alfred C. Levering, volunteer first aid instructor - trainer for Mid-America Red Cross Chapter, in charge.

RICHARD G. MILLER, son of Mr. and Mrs. Harold Miller, R.R. 2, Orland Park, and a junior student at Rose Polytechnic Institute, Terra Haute, Ind., recently received the first annual junior award presented by the Mueller Co., Decatur, Ill.

Richard is majoring in mechanical engineering.

MELT ICE & SNOW

36 TIMES FASTER

with PROPELLANT 49

Most powerful ice and
snow melt known—
yet PROPELLANT 49
is completely harmless.

Keep ice and snow under control this winter
with PROPELLANT 49. Just distribute this super-
density pellet lightly over frozen ice and snow, on
sidewalks, steps, ramps, shipping docks and parking
areas. Exothermic heat action builds up at once. Ice
and snow melts 36 times faster than with salt.

You'll discover too, that PROPELLANT 49 unlike
some ice melters, won't attack cement, metal, grass
and shrubs. Manufactured with a special neutralizer,
it actually protects your property, while it does this
incredibly fast ice and snow melting job. 100%
chemically active, PROPELLANT 49 is economical to
use. There's no residue—no waste. Nothing to track
in on asphalt tile or expensive carpeting. You save
all ways. You use less material, and have no big
clean-up expense afterwards.

PROPELLANT 49 is your safe, sure, clean solution
to ice and snow removal problems. Don't take
chances.

Three Junior Girl Scouts Advance To Cadette Troop

MRS. EMIL WILLE
Telephone 469-5277

A "Crossing of the Bridge" ceremony was held by Junior Girl Scout Troop 378 on Nov. 2 for three girls moving to the Cadette level. The trio, Mary Abbott, Brenda Lough and Vicki Griggs, are now in the Cadette troop of Frankfort.

The Lincoln Estates troop, No. 378, has a new leader, Mrs. Howard Bluth. Troop members and leaders will visit the Museum of Science and Industry at Chicago this Saturday.

Mr. and Mrs. Ed Nicholson and family were Sunday dinner guests in the home of Mr. and Mrs. Elmer Haberman at Lowell, Ind. Mr. and Mrs. L. C. Hammersley and family of Griffith, Ind., were also present. The occasion was Mrs. Nicholson's birthday.

The girls of Brownie troop #376 are making Thanksgiving place mats for the children at the Guardian Angels Home. There are fifteen girls in the troop at this time. Five left the troop recently. Cindy Rucker, Joyce and Sharon Rinkenberg have moved away. Leslie Damm and Linda Aloia of Prestwick have transferred to the Chelsea school troop at Frankfort.

Mr. and Mrs. Ed Nicholson entertained at a party on Thursday Nov. 2 in honor

of their daughter, Gloria's sixth birthday. Guests were her brother Bobby, Janet Smith, Linda Blevins, Cathy Wilson, Gail and Gary Castens, Tina and Tresa Mantel, Terri and Teresa Sulkowski and Joanne, Laurie, Larry and Tammy Nicholson. Games were played. Cake, ice cream and Kool Aid were served. Gloria received many lovely gifts.

Mr. and Mrs. Emereth Boyden were guests of Mr. and Mrs. Bill Smith of Park Forest on Sunday. On Tuesday, Mrs. Boyden visited in the home of her son, Mr. and Mrs. Jerry McLean and family of Kankakee.

Mrs. Luella Tyler spent a few days in the home of Rev. and Mrs. James Parker at Mundelein, Ill.

Mr. and Mrs. Robert Frankenberg and son of Madison, Wis. spent Sunday with the former's father, Mr. Ben Frankenberg and Mr. and Mrs. Wm. Frankenberg.

Homeowners Assoc. Names New Officers

JAMES PEYTON
Telephone: 532-1516

As you all know the Tinley Gardens Homeowners Assoc. had its annul election Monday, Nov. 6, with very few members present, however, the election was handled with business-like manners and you have elected the following people to handle the gripes for the following year. Mr. Leonard Bushen will replace yours truly as President, Mr. Ross Horton is the new Vice-President, Mrs. Beckie Peyton is Secretary and Mr. Louis Cerny is the new

Treasurer. The Board members are Mrs. Vicki Sumner, Mr. Herschel Wood and Mr. James Peyton. These new officers will take office at the regular December meeting which will be held on the fourth of December. Let's all give them our full co-operation and help them get off to a good start by attending the meetings and offering suggestions that will enable us to continue our progress in a profitable manner. Also for any of you that wish to pay your 1968 dues or for that matter any new people that wish to join the dues can be paid after the meeting the fourth of December.

Have you bought your tickets for the Turkey Raffle yet? If not please contact this writer and you will be informed who has the tickets. The turkey will be raffled Tuesday, Nov. 21, and will be delivered to the lucky winner by one of the Tinley Gardens Homeowners Assoc. Officers either Tuesday night or Wednesday morning so that there will be time to defrost it before cooking time. The turkey will weigh about 20 lbs. so let's all get our tickets as soon as possible.

Once again I would like to remind the people of Tinley Gardens to keep their dogs tied up or they will be picked up and the fine imposed on you. A word to the wise is sufficient.
